TRANCE'S HOLLY HANDICAP.

LUCKY AT THE START, WHILE FITZ HERBERT IS NOT, SHE WINS ALL THE WAY.

Waterspeed Takes Another Steeplechase-Queen Marguerite Defeats Ida D. Through Shilling's Superior Riding-Danoscara First.

New York, September 23.—Another good-sized crowd journeyed to the Gravesend race course to-day. The weather was warm and thick and while the first half of the card was being decided, the colors of the jockeys riding were barely distinguishable with the naked eye.

An attractive two-year-old race between top-notchers of that age featured the program. This was the twenty-second renewal of the Holly Handicap, one of the Brooklyn Jockey Club's most popular juvenile fixtures. Today's field, which included the brilliant trio of youngsters, Trance, Fitz Herbert and Hilarious, besides Bon Homme, gave promise of a high-class contest unless the last named got in the way. This, however, was exactly what the Forsythe candidate did to the virtual elimination of Fitz Herbert, the favorite and best backed horse in the race. The quartette broke in perfect alignment, but Bon Homme bore over sharply from the outside and forced the giant Ethelbert colt to pull up. Before he again got into his stride the others were so far in front of him that further pursuit seemed useless. Nevertheless, Shilling injudiciously essayed the task and landed Fitz Herbert a fast going second, five lengths behind Trance. This was sufficiently far in the rear of the winner to have made the issue doubtful even under the most favorable conditions for the runner-up. Mr. Hildreth was greatly wrought up over today's repetition by Shilling of his pulling up tacties in the Junior Chambion Stakes last Saturday. He remarked that Fitz Herbert and with difficulty been restrained while working a quarter in 22 seconds on Tuesday and it seemed hard lines to time him four seconds slower in the race. On the other hand, Trance's form in the Holly was a revelation to race-goers. This very remarkable filly displayed all of her old-time dazzling speed and unimpaired stamina and her sudden and complete rejavenation must be set down as a pleasing incident.

The decision of the afternoon's card began with a runaway victory for Witching Hour, which marked the fourth straight success this week for a Maddentrained horse, and the breaking out of the J. E. Madden—Albert Simons fend. Despite his not being represented in the race, the latter was a bidder on the winner when put up for auction and advanced him just \$500 over his entered selling price of \$1,000, which was equivalent to taking the purse away from the owner. Mr. Madden bought Witching Hour in for the customary raise of \$5.

With the return of her fine Brighton Beach form, Waterspeed handily vanquished Mark Gumberts in the steeplechase, while Animus scored for the first time in the colors of John Powers, his new owner, in the mile and a furlong selling race. Every one of the first three winners was well backed.

It was reserved for the two closing races to provide hothy contested finishes. The fifth race was marked by rough riding on the first turn, the offense of the first three winners was well backed.

It was a case of a superior class jockey triumphing over an inferior rider when Queen Marquerite earned a nose victory over the odds-on favorite, Ida wagering was voluminous, and the discreet occasional race-goer was able to enjoy the sport as old.

sional race-goer was able to enjoy the sport as of old.

A couple of subpoena servers projected themselves into the game during the afternoon, and the report spread like wildfire that a number of the promineal tayers and bettors would be summoned to appear before the Kings County grand jury and testify as to their race track betting. It turned out that these were after a couple of orientals, one of whom was An Fong, an habitual race-goer. The subpoenas had no connection with the track.

The last report from the Reception Hospital was that H. Smith, the little negro rider who was injured by a fall in the third race yesterday, is still unconscious. He came out of the necessary operation in fairly good condition, but early this morning land a sinking spell.

A number of horses in training belonging to Messrs, J. A. Wernberg, F. J. Farrell, C. L. Harrison, R. C. Doggett, F. H. Milden, R. A Rainey, H. K. Knapp and A. Simons will be sold at auction romorrow in the Gravesend paddock. This sale marks the retirement from racing of the short-lived turf establishment of Cad Doggett, Who will dispose of Woodcraft and Star Thistle. In Frank Farrell's consignment are such noted performers as Grappie and James B. Brady.

Jake Jones sends six horses with H. E. Rowell's California shipment next Monday.

Harry Payne Whitney is due to arrive here next Saturday from England.

J. D. Lagan's string, including Sea Wolf, Gild. Orphan Lad and Sam Rice, left for Louisville today in charge of C. E. Rowe.

Sherlock and Montague, two promising two-year-solds in Philip J. Dwyer's string, worked well between races today, five furlongs, in 193.

Jockey Gilbert will be left in charge of A. G. Blakeley on H. E. Rowell's departure next Monday for California.

BETTING CASES ADVANCED FOR ACTION.

New York. September 23.—The motion made by Attorney William Wills before County Judge W. C. Platte of White Plains to have the cases of the thirty-three defendants arrested at the recent Yonkers meeting for alleged violation of the Hart-Agnew betting law, transferred to the jurisdiction of the grand jury which convenes the first week in October at White Plains, has been granted and grand jury presentments are expected to be promptly forthcoming.

Mr. Wills expressed the opinion that the prosecution did not have a single case in which there was sufficient evidence upon which to base an indictment. In the event of indictments by the grand jury a motion will be made for permission to inspect the minutes, and a further motion to quash the indictments. These procedures take time and many of the defendants will be greatly inconvenienced by their enforced stay in the east. This applies particularly to Tom Shaw's and George Rose's cashiers, who are expected in California early in November in connection with their work.

LEXINGTON RACING TO CONTINUE.

Only a Possible Deficit of \$2,000 in Sight and Payment Fully Provided.

Lexington, Ky., September 23.—Final announcement was made today by the directors of the Kentucky Association that the meeting will positively continue for the entire period originally allotted, despite losses. It is now estimated that \$5,000 will cover the deficit for the present meeting and, counting on the reserve fund of \$3,000 that the association has to its credit, the stockholders will only be called on to make good about \$2,000. President Camden has volunteered to make good half of this shortage if necessary and will advance the entire amount to liquidate all obligations. His offer is appreciated by all the horsemen and turf followers.

Conditions were somewhat improved this aftermoon, a better attendance being present and a real racing air prevailing. The increase in numbers witnessing the sport was caused by a portion of the State Bankers' Association, now holding their annual convention here. The speculation also showed a slight improvement due to the good card arranged. Favorites fared badly during the afternoon, only two pronounced choices being successful. The detent of Macias in the third race, the feature offering, was due mostly to poor riding on the part of L. Butler and some interference for which A. Walsh was mainly held to blame. The latter was on W. Clay's speedy Coaster and, while passing the three-quarters post, cut sharply across from an outer position to the inner rail and caused a mixup in which Halket was almost thrown over the fence. Macias also suffered. Lady Bridder, which at all times was clear, wore Coaster down in the stretch and had enough in reserve to stail off the fast coming Macias in the closing strides.

A poor send-off, favoring Irfanch, in the opener, enabled her to win by a big margin over Cordova with the beavily backed Crystal Maid in third place. The latter was away too poorly to be a serious contender.

with the beavily backed Crystal Maio in third place. The latter was away too poorly to be a serious contender.

Wool Sandals, the heavily backed favorite, had a close call in the second race and only an extra game effort enabled him to wear the speedy Honest down in the last few strides of a furious stretch drive. Wool Sandals slightly impedied Honest in the last furlong, but the judges did not deem it sufficient to warrant his disqualification and allowed the result to stand. Jockey Walsh, however, was given a sharp lecture for his attempt at rough riding.

1. A. Cella's Arionette repeated her good performance in her last previous start by winning from a good band of voungsters, but she was added on suffered from interference in the early pair of the start of the control of the start of the control of the start of the start. The closing race was fought out by the long shots, Mattle Mack and Bonebrake, the former just lasting long enough to get home by a head.

PERCENTAGE OF WINNING FAVORITES.

Except at Montreal and so far at Toronto, the more recent running of the year has been marked by the success of an abnormal percentage of favorites. In a year of running this percentage should make a grand average of close to 41, but Empire City. Sheepshead Bay. Jamestown and Lexington show much better. In the case of Lexington, the contrast with the spring meeting is marked, only .30 per cent, winning last spring as against .44 to and including Tuesday. The record of the different meetings of the year in respect to this feature is of interest and here it is:

HEAD OF CALIFORNIA TURF IN TOWN.

President Thomas H. Williams, of the California Jockey Club, arrived in Chicago Tuesday morning and departed for New York yesterday afternoon. He reports California to be thriving and of racing pros-

pects said:

rects said:

"We are expecting a season of racing at Oakland excelling all that have been held there and have been preparing for it. For one thing a new betting ring of much greater capacity has been constructed and many other improvements designed to promote the comfort of visitors have been made. Horsemen will find the plant in excellent condition when they begin to pour in. Our racing next winter will be at Oakland exclusively."

Asked about the selection of racing officials for the Santa Anita track, Mr. Williams said that some time back he was informed that it was in contemplation to make Joseph A. Murphy presiding judge and A. W. Hamilton chier steward and that he had said the Pacific Jockey Club would approve these appointments if made. Subsequently disagreements arose among the Santa Anita people that overthrew this arrangement and in the interest of harmony he was impelled to intervene for the retention of Colonel Hamilton in his old post of presiding judge.

WAS THE ASCOT GOLD CUP MELTED?

A remarkable story reaches us from a well-known firm of gold and silver refiners in Sheffield. They state that some time after the Ascot Cun had beer stolen two years ago, a man called upon them wishing to dispose of an ingot of gold. It was uniquely the story of t stolen two years ago, a man called upon them wishing to dispose of an ingot of gold. It was unusually pure gold, and, as men are not in the habit of running round with gold ingots, they became suspicious. They found that the gold was twenty carat, corresponding with the unusual carat of the Ascot Gold Cup, and that the ingot was within two and a half ounces of the weight of the stolen trophy.

The police were informed and careful inquiries were made. In the end they accepted the story of the man, who said that he had got the gold in Abyssinia. It was worth nearly \$14 per ounce. The heads of the firm, however, still feel convinced that the ingot was the Ascot Cup melted down.—Sheffield, Eng., Telegraph.

NO TRACK AT NEW BUFFALO, MICH.

The Michigan Breeders' Association Venture Aban doned, Probably for All Time.

It can be definitely announced that there will be no race track built at New Buffalo, Mich., this fall or probably at all. After the second plot of land bounded by the Michigan Central and Pere Marquette tracks had been staked out and the plans amended by Sheridan Clark, promoter Camp took the new plans to New York and they were not accepted. Camp is still in the east and Sheridan Clark, who represented Senator T. D. Sullivan and Detroit partles, came to Chicago to wait for orders, which he has not received.

Polities in both Michigan and New York are said to have interfered with the building of the track for one thing, and the lateness of the peculiar racing senson for another. This year there is no large number of horses on their way from the north to New Orleans for a long winter season beginning late in November. The custailment of the New York season and early start of the castern horses for California was also considered to be against the success of the Michigan track, which, even if lastily built, could not be got ready before late in November, when the best horses from the east will be in California.

The project may be taken up again for next year but it is improbable. The political situation in Michigan is said to be sound enough, though clouded by the coming election. Local option rules pretty generally in the rural quarters of Michigan and there was not considered to be any local corns to be trodden upon in South Berrien County, so that no adverse local opinion could be aroused, It is said that the track would have been welcome there. But, welcome or not, it will not be built.

HOW MISS SAIN'S PRICE WAS RAISED.

HOW MISS SAIN'S PRICE WAS RAISED.

If Lexington's ringmaster had intended to play into the hands of the shrewd gamblers who brought wee to the handbookman of the western cities Tuesday in the case of Miss Sain, he would have done precisely what he did when he bunched all the other borses as field against her. It is not to be supposed there was any such intention, but the effect was the same. Had the horses been sold singly as they always should be in the mutuels, there would have been no way to manufacture false odds. As it was, by wasting a few hundreds of dollars on the field, Ryan and his allies secured more than double the price away from the track that they were legitimately entitled to. Of this affair the Enquirer "The idea of ringmaster Elrod that more money can be got through the machines by selling a favorite against the field, when one horse appears to stand out over all the others in a race, was followed here, and it gave the followers of Miss Sain an elegant opportunity to boost the price against her. Ryan waited until the horses were going to the post and, with Brizzolari at the \$2 straight machine and himself at the \$5 straight machine, they began buying tickets on the field."

NEW ORLEANS RACING CONSIDERED.

New Orleans, La., September 23.—A conference will be held in Cincinnati next week, attended by Louis Cella, Samuel F. Heaslip, president of the New Orleans Jockey Club, and other interests involved in the local tracks, when final decision will be reached as to the policy to be pursued in New Orleans this winter.

John H. Hachmeister, representing the Cella interests, conferred with Mr. Heaslip here yesterday, He said: "There is a disposition to close the tracks for two years with the hope that patrons will grow hungry for the sport. On the other hand, it is feared that the hotels will find other means of attracting tourists and that interest in racing will die out. These natters will be considered at the Cincinnati meeting."

DURHAM CUP IS INFERNO'S.

REPEATS HIS SUCCESS OF 1906 IN THE POPU-LAR LONG-DISTANCE RACE.

Waterbury and W. H. Carey Win for Owner Carman and Tony W. and Debar for

Owner Weber.

Toronto, Ont., September 23.—The Durham Cup, one of the annual fixtures of the fall meeting of the Ontario Jockev Club, and the feature race of the program offered at Woodbine this afternoon, proved a stirring contest, in which Joseph E. Seagram's home-bred Inferno proved a game winner from the Hendrie filly, Shimonese. Inferno was a heavily backed favorite, and was ridden by Musgrave. He carried top weight, 126 pounds, trailed in the early running, finished with a great stretch rush and, getting up in the last sixteenth, won going away at the end. Today's victory was Inferno's second in the same stakes, he beating good opponents in the Durham Cup in 1906.

Besides the Durham Cup there were offered as attractions the Roysteres Itseenlechase and the Dufferin Plate. The Carman and Weber colors were prominent during the afternoon. Waterbury and W. H. Carey winning for the former, while Tony W. and Debar were the pair that won for the Weber stable. W. H. Carey's race was a remarkable one. In the racing down the backstretch he was a distant trailer, lifteen lengths separating him from the deader. At this stage of the cruzgle he appeared hopelessly beaten, but while rounding the far burn he began to close up and, finishing with a great stretch rush, got up to the leaders in the last twenty yards and won going away. Waterbury made a runaway victory of the opening dash, while Colonel Jack, also from the Carman stable, was beaten out the smallest of margins by Clell Turney. AMERICANS IN 1910 ST. LEGER.

No Evidence of an Invasion in the Entry List of Doncaster Race.

Notwithstanding the talk of wealthy American owners taking their stables abroad, the entries to the Doneaster St. Leger of 1910 do not afford any evidence of any general movement on their part in that direction. As a matter of fact, but four American owners have made nominations and it is doubtful if any St. Leger of the last dozen years has closed with less than that number represented. It is really somewhat surprising, in view of reports current of late, to find H. P. Whitney and John E. Madden unrepresented, to say nothing of others. It is true that Mr. Whitney now owns a St. Leger nominee through the purchase of the colt. New Castle, but he made no entries from his extensive list of Brookdale-bred youngsters.

The four American owners who made nominations are August Belmont, E. C. Cowdin, James R. Keene and Chrence H. Mackay, those entered in their made the collowing:

OAKLAND TRACK'S GREAT IMPROVEMENT.

About \$75,000 Has Been Spent on the Emeryville Place-Hostile Legislation Not Feared.

San Francisco, September 20.—The extensive improvements accomplished during the summer at the Emeryville race track will cost the New California Jockey Club not less than \$75,000. The readiness of the jockey club to spend a sum of this magnitude at this time is looked upon in part circles as an indeat this time is looked upon in part circles as an indeat this time is looked upon in part circles as an indeation that its management entertains little fear of adverse turf legislation at the approaching bleenial session of the California legislature, despite the prominence which the race track question has had in the political campaign now being waged throughout the state. In view of the constantly narrowing limits within which racing may be successfully conducted in America, turfmen on the coast are naturally awaiting the meeting of the California legislature with some trepidation, although the best informed opinion is to the effect that there will be no anti-caing legislation.

The improvements at the Emeryville racing plant are rapidly mearing completion. Superintendent Grant announces that the alterations will be finished during the coming week and there will then remain to be done before the opening of the racing season only sone before the opening of the racing season only sone before the opening of the racing season only sone before the opening of the racing season only sone before the opening of the first the stream of the belief that the capacity of the ring will be almost doubled. Last winter the problem was partially solved by the reconstruction of the inside training track with a deep covering of sand. The soil upon which the track is constructed is of such a character, however, that at several points the top covering of sand disappeared soon after the winter rains set in. This was especially true of the upper turn, which became so dangerous that galloping of horses over it was abandoned after there had been several accidents. The remaining sections of the track stood the test well and it was demonstrated that the sand track was the broper thing for training, operations under the conditions that prevail here during the protracted spell of bad going. So Superlitendent Grant this summer set about remedying the trouble that was exocribeteed with the sand track last winter. The follower was removed from the entire upper turn to the depth of about two feet. More than a foot of macadam construction, similar to that employed in scientific roadbuilding, replaced the natural soil and is now being covered to the depth of about eight inches with clean, sharp sand. A troublesome section on the first turn has been smilarly treated and the result will be that when the wet weather comes the horsemen will have a safe track on which to "prep" their charges.

It is officially announced that there will

MILES RUN IN 1:39 OR FASTER THIS YEAR

Many rapidly run miles have gone to the credit of the racers this year, and more will be added before 1909 arrives. Six times has 1:38 been beaten and in one of the six the record time of Dick Welles and Klamesha was equalled. So many good horses will be taken out to California presently that it will not be surprising if some one of them covers a mile over the lightning fast Santa Anita track in time that will erase that Dick Welles-Kiamesha-Fern L. record of 1:375. So far this year a mile has been run in 1:39 or faster fifty-nine times without exciting much comment, yet it is not so many years back that a mile in 1:39 would have been deemed a wonderful thing.
